

Follow-Up Survey

Thank you for participating in this short follow-up survey to the hiring task you participated in approximately two weeks ago.

The survey will take approximately 5 minutes.

Please enter your Prolific ID:

Recall that we paid many people to answer 50 math questions each. Here are some examples of the types of math questions we asked:

Question 1: What is the square root of 289? Choices: 15, 17, 19, 21

Question 2: $4 - 8 \cdot 9/2 = ?$ Choices: -6, -12, -18, -32

Question 3: What is the reduced form of the fraction 70/42? Choices: 5/3, 10/6, 7/5, 14/10

Question 4: $x^5 \cdot x^8 = ?$ Choices: x^{11} , x^{12} , x^{13} , x^{14}

Question 5: What is the binary form of 7? Choices: 100, 101, 110, 111

You then made decisions about what wages to offer workers based on anonymized resumes.

Try to recall the information you were provided in the previous survey about the average number of questions answered correctly by workers of different

groups. Recall that the overall average score is **35.1** among all workers. What was **the average score you saw** for each of these groups?

Black/African-American	<input type="text"/>
White	<input type="text"/>
Some College Education or Less	<input type="text"/>
At Least a College Degree	<input type="text"/>
Prefers Tea	<input type="text"/>
Prefers Coffee	<input type="text"/>

Please report **your current best guess** about the average score of each group.

Black/African-American	<input type="text"/>
White	<input type="text"/>
Some College Education or Less	<input type="text"/>
At Least a College Degree	<input type="text"/>
Prefers Tea	<input type="text"/>
Prefers Coffee	<input type="text"/>

Thank you for your participation in this short follow-up survey.
